

Call for Posters
“15th Aviation Student Research Workshop”
22th and 23rd June 2018 in Bremen and
European Prize in Aviation Economics and Management

We are happy to invite you to the yearly G.A.R.S. research student workshop. This year's workshop will be take place at the University of Applied Sciences Bremen.

Subject

Crises in Aviation, Expansion and Evolution of Low Cost Carriers, Slots, Airport and Airway Congestion, Sustainability, Liberalization and Privatisation... The list of hot topics in aviation is long and is attracting a growing number of students whose primary research interest is in aviation. Often these researchers lack contact with other students in their field of research. G.A.R.S. invites all Bachelor, Master, Diploma or PhD students to present their work in the second workshop on research in aviation. The research seminar is open to all topics in the field of aviation economics and management. Interdisciplinary research is encouraged.

Poster Session

The posters provide an excellent opportunity for junior researchers, not wishing to make a presentation, to show their work in a casual and informal environment. They are suited for providing authors and participants, among whom will be well-known senior researchers, with the ability to get in touch with each other and to engage in discussions about the work. Posters which present Work In Progress and draw important conclusions from practical experience are especially welcomed. All posters should contain:

- Outline of contents
- Description of research area
- Key research questions
- Methodology
- Time plan
- Overview of literature
-

Successful posters should be designed carefully to show technical details. They should, however, also attract the attention of attendees as they pass by the displays. The overall aim is to develop a poster in such a way that it encourages gathering and interacting on a certain area of interest. The size of the board for the poster is about 1.40 meter wide and 1.00 meter high. Authors of accepted submissions must provide a one or two page summary for publication on the G.A.R.S. website. This brings the subject to an even larger audience.

Please submit an abstract of up to 400 words to before 4th June 2018 to:

Shravan Kumar: shravana.kumar67@gmail.com
