

Call for Papers “15th Aviation Student Research Workshop” 22 and 23 June 2018 in Bremen and European Prize in Aviation Economics and Management

We are happy to invite you to the yearly GARS research student workshop. This year's workshop will be take place in Bremen. We are also pleased to announce that we will offer a newly designed prize for the best paper. The winner will receive the European Price in Aviation Economics and Management at the seventh European Aviation Conference, 8 and 9 Nov 2018, Athens, Greece.

Subject

Crises in Aviation, Expansion and Evolution of Low Cost Carriers, Slots, Airport and Airway Congestion, Sustainability, Liberalization and Privatisation... The list of hot topics in aviation is long and is attracting a growing number of students whose primary research interest is in aviation. Often these researchers lack contact with other students in their field of research. GARS invites all Bachelor, Master, Diploma or PhD students to present their work in the second workshop on research in aviation. The research seminar is open to all topics in the field of aviation economics and management. Interdisciplinary research is encouraged. A senior researcher will be selected to provide two to four pages of written comments on student papers which are submitted by the due date. As research is always work in progress, we encourage people to present their work at any stage. This will provide valuable feedback as well as opportunities for new sources of information.

Discussants

A discussant will be drawn from the following group of people (see next page) subject to availability.

Venue

The seminar will take place on **Friday 22 and Saturday 23 Jun3 2018** at the **University of Applied Sciences Bremen**. A limited travel subsidy is available from the organisers of the conference.

Paper proposals

Please send

- a) an expression of interest in presenting
 - b) an abstract (no more than one page)
 - c) a brief statement of your research e.g. conceptual development, data gathering, analysing data or theoretical results, final writing up
 - d) is there any person you would particularly like or not like to comment on your work
- no later than **May 30th 2018** as pdf- or Word-file. Information on acceptance will be provided within two days after submitting. *The paper should not be longer than 6000 words.* The full draft of the paper is due by **June 11th 2018**.

For those who are in an early phase of their work please, note the enclosed call for poster session.
